SUBJECT — Job Position: Jr. Architect

Sofia Zevi is a modern and contemporary decorative arts gallery in Brera. Alongside the gallery, we operate an interior design studio. We are seeking a junior architect / designer to assist on product and interior design projects. The candidate will be working in a small team within a multidisciplinary and creative environment. They must be enthusiastic, curious and eager to learn about all topics related to product design, interior design and architecture with initiative, a strong work ethic and sense of responsibility. Although we are a small team, we offer significant potential for growth and international exposure for the right candidate.

Main responsibilities:

Interior Design:

- Assist in concept development and research;
- Create client presentations and moodboards;
- Produce high-quality renders;

Product Design:

- Research materials, manufacturers and suppliers;
- Develop renders and technical drawings during the prototyping phase;
- Liaise with artisans and suppliers during the development and production phases;

Requirements:

- Background in product design / interior design / architecture;
- Proficiency in AutoCad, SketchUp, V-Ray, Enscape, 3ds Max, Adobe Creative Suite;
- Fluent in English;

To apply please send your cv and portfolio to: office@sofiazevi.com
